

# *The* Political Economy of Bargaining

## Newsletter # 2: March 10, 2008

Dear Workshop Participant:

The workshop will take place less than 7 weeks from today. In order to develop the program for the PEB2008 workshop, can you please send me the title and abstract of your paper.

Once I have developed a tentative program, I will forward it to all participants and post it on the webpage. If your paper is already available please send it to me (mgallego@wlu.ca) so that I can also post it or place a link to the paper on the webpage.

You should try to have your paper ready one month prior to the workshop, that is, by March 27. In addition, it would be helpful if you can also provide a non-technical summary (5 pages or less) of your paper. It can be an extended abstract too. These “white papers” would also be posted on the webpage.

We have decided that each presenter, including plenary speakers, has 40 minutes for their talk followed by 15 minutes of discussion from the floor.

If you have not already done so, can you please **register** through the PEB2008 webpage (the registration tab is on the second tab line of the home page):

<http://www.wlu.ca/sbe/gallego/PEB2008/>.

I hope you all received the poster I send a couple of weeks ago. The poster is also available on the webpage. If you did not, please let me know I will gladly send you a copy.

If you have a question or if I can be of any assistance, please feel free to contact me via email (mgallego@wlu.ca) or by phone (519-884-0170 x 2635#).

The other members of the scientific committee, Norman Schofield and Philippe De Donder, join me in thanking you for your participation and looking forward to seeing you in April.

Warm regards,

Maria Gallego
